

TIG CHAMP BRUSH

DC PLUS

Stainless Steel Weld Cleaning Machine

The TIG CHAMP BRUSH DC Plus has a unique high power positive current with a fluctuating wave which is the underpinning technology that makes the TIG CHAMP Brush DC Plus extremely fast.

This unique DC wave form not only improves the speed of weld cleaning but the DC current delivers a more corrosion resistant and reflective finish and reduces the weld contamination risk of an AC current used on other electrochemical machines. Furthermore the TIG CHAMP BRUSH DC Plus can deliver more amperes and on it's DC current so as much as 50% more the DC cleaning speed of other brush conductive cleaning systems.

The TIG CHAMP BRUSH DC Plus has larger and more fibre dense brushes which also improve speed and importantly reduces micro pitting problems that AC current and increased wattage can create.

Works on all Chromium Stainless.

TIG CHAMP BRUSH

DC PLUS

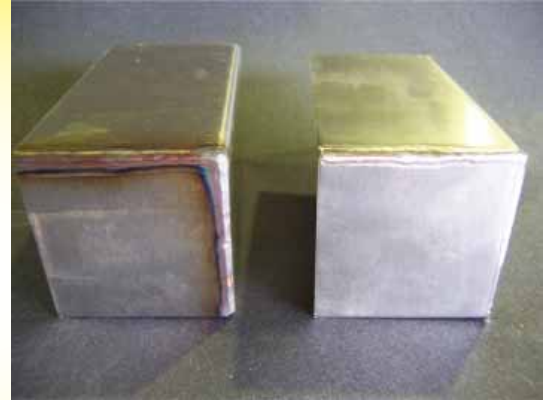

2 Years Warranty

up to 40% Faster

**1.6mm No.4 60mm Tube
TIG CHAMP BRUSH DC Plus
Craftsman brush 40 sec vs.
Other Equivalent Cleaners**

up to 50% Faster

**1.2mm No.4
TIG CHAMP BRUSH DC Plus
Craftsman brush 21 sec vs.
Other Equivalent Cleaners**

Case Dimensions: 330mm x 283mm x 120mm

Weight: 9 kgs without leads

Electrical Specification: Input 240V, 50Hz

Secondary, 450 watt peak, 300 watt constant

NLV 17, Peak AMPS 50

6 Metre work span

Thermal overload and Circuit breaker

Case Material: High impact structural polymer, resists acid attack

Standard Carton contains:

TC101	TIG CHAMP BRUSH DC Plus Machine
TC102	1 x 1 Litre of Ex 50 Weld Cleaning Solution
TC106	2 x 2.4gm Craftsman Brush (Red)
TC107	2 x 3.9gm Workman Brush (Black)

TC111	1 x Power Cord
TC112	1 x 3m Earth Clamp & Lead (red tagging)
TC110	1 x 3m Brush Lead (all black) & Handle
	1 Manual with Warranty, MSDS Sheet x 2
