Here we Grow again....

Welcome to the Second Newsletter Edition. IWWS have recently provided a price reduction and introduction of five price breaks for our Genuine high Quality Profax Mig Welding Contact Tips & Nozzles. Similar pricing structure is now in place for our Tungsten range. We are pleased with the tremendous response we have had in relation to the release of our New Products Catalogue & Website. Enjoy the information enclosed & take advantage of our promotions. Remember at IWWS 'Selling through Distributors is our only Business!!' For all enquires on any of our products or services ph: +61 2 9838 9866 or email iwws@iwws.net

NEW PRODUCT

MAGNETIC PRY BAR

Code: MP70-V1

- Strong, Easy to use magnetic pry bar for material leveling and aligning
- Eliminates need for welded tabs
- Full 70mm with 500kg breakaway force
- Locking T handle for safety
- Easy 180° on off actuation
- 100 times faster than traditional methods

WELDING BLANKETS

NEW PRODUCT

- Non-Coated 550°
- 100% 30 oz. Fibreglass
- Available with or without Grommets 24" Approx.
- Kevlar Stitching (Blankets Only)

Code: **LWB-66** (SIZE 5' - 8" x 5' - 8")
LWB-68 (SIZE 5' - 8" x 7' - 8")
08850 (SIZE 6' x 150')

PRO II TIG COLD WIRE FEED SYSTEM

NEW PRODUCT

- Improves productivity by eliminating stops caused by cut length wire.
- High frequency protection ensures reliability in all tig applications.
- Complete with feed pen & 8' lead, drive rolls, power cord & plug.

A practical, low cost, high efficiency system designed to deliver spooled wire filler metal for Tig applications.

magswitch
 Changing the way things are done

PROMOTION

Magswitch has created a powerful magnetic device that can be turned on & off with a simple turn of a knob. No batteries! No electricity!

STOCK**

Buy any combination of 5 Jasic Machines listed below and receive 5 BONUS **TIG-CHAMP** Torches OR

Buy any combination of 10 Jasic Machines listed below and receive 10 BONUS **TIG-CHAMP** Torches

ARC160II

- Industrial application
- High strength case construction of ABS material
- DC Tig Function
- Electrode hot start & arc force
- Excellent ARC stability
- Over voltage & thermal overload protection
- Tolerant to variable power supply
- Shoulder Strap included
- AC240 Volt (Input power)
- Dimensions (mm): 375(L) x 175(W) x 330(H)
- Weight: 7.6kgs

ARC140

- Hot start & Arc force built in
- Anti sticking
- Auto protection of over voltage and over current
- DC Tig welding with lift arc ignition
- Auto compensation for voltage fluctuation
- AC240 Volt (Input power)
- Shoulder strap included
- 4m Lead kit included
- Dimensions (mm): 290(L) x 120(W) x 198(H)
- Weight: 4.7kgs

BONUS TIG-CHAMP

- 1 piece power cable
- 150 amp
- 12 ft
- 25 dinse

TC17V-12SSCX25

BONUS TIG-CHAMP

- 1 piece power cable
- 125 amp
- 12 ft
- 25 dinse

TC9V-12SSCX25

PRODUCT REVIEW

007022
Nozzle Kleen #2
 Non-flammable & paintable
 No fluorocarbons

007040
Lubematic Liquid 5 oz.
 Helps feed all mild steel fabricated, and cored wires.
 Cuts rust & reduces wire drag 60%.

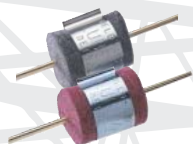

007030
Weld-Kleen Heavy Duty Anti Spatter
 A convenient solvent based, quick drying aerosol that allows for pre heat, higher duty cycles & temperature applications.
 Excellent for fixture & tooling protection.
 Paintable, non-flammable

007089 (Quart)
007090 (1 Gallon)
007091 (5 Gallons)
Weld-Kleen 350
 A safe water based product designed for use on most base metal applications.
 Non-toxic & paintable. Can be frozen.

007094
Heavy Duty Nozzle Dip Gel
 Excellent cooling properties for longer tip & nozzle life. Can dip hot or cold, gel will not migrate into liner. Non flashing, biodegradable, paintable & non-toxic

007060 (treated - black)
007061 (untreated - red)
Lubematic Pads
 Black pads are pre treated with lubematic liquid. Recommended for mild steel & fabricated only.
 Red pads are for all wires all the time.

Tempil®

PRODUCT REVIEW

TAH-B (1 Gallon)
TAH-Q (Quart)
TAH (Compound)
Anti Heat
 Absorbs surface heat, eliminates heat damage, creates a barrier, non toxic, odorless

TAB-B (Aerosol)
TAB (1 Gallon)
Bloxide
 Rust preventative, weldable, Improves weld quality.
 Temperature resistant to 427°

TSK
Tempilstik Kit
 Includes a range of 20 temperature indicators.
Also available individually
 Ranging from 45° - 1550°
 Use for welding & metal fabrication, preheat, interpass, postweld heat treatment, stress relieving

TPPBLK, TPPRED, TPPWHT, TPPYEL
Paintpen
 Permanently marks glass, metals, plastic, wood, cardboard. Waterborne acrylic paint. Quick drying.

ESTIKL
 Thermometer
ESTIKL-NIST
 Thermometer with certification
 Quick digital readout of the actual surface temperature at the point of contact.

IRT-16
 Thermometer
IRT-16NIST
 Thermometer with certification
 The industry's most advanced, non contact infrared technology based surface temperature measurement device.
 It is lightweight, compact, easy to use.
