

## Magnetic Adjustable Angles

Dual switch adjustable welding magnets  
For quick jig adjustment  
Extra hand before tacking  
Flat or pipe/tube

|--------|---|
| AFK11S | Magnetic Adjustable Angles Small<br>15° - 120° 30 kgs max.  |
| AFK11M | Magnetic Adjustable Angles Medium<br>15° - 120° 50 kgs max. |

## Switchable Magnetic Ground Clamps

Good contact to flat & round surfaces.  
Grounds immediately.  
Solid cable connection.  
Quick & reusable.  
Keeps clean, metal swarf won't cling.

\*\*\*Temperatures over 80°C can cause demagnetization\*\*\*
