

RPM

LEAD REELS

- Stays connected to the welder at all times.
- “Constant Reel Setup”
- Vented circle design allows for free airflow over your lead to aid in cooling.
- Heavy-duty manual friction brake is adjustable, allows for adjustable tension, and prevents free spooling of leads.
- Locking pull pins secure cables while not in use.
- Comes standard with 600 amp spool isolators.
- Reels are fully rebuildable with a full line of replacement parts.
- Heavy-duty, all-steel construction
- All hardware is ZINC coated
- Ball bearing spools
- Powder coated for a lasting finish
